Private and Personal Information: What to Share Online

Directions: Each question shows a kid about to share something online, or being asked to. Think about who could see it, then choose the safest answer.

1. Eli is chatting with classmates in a game. Which of these should he keep to himself, even with friends?

A. His password

B. His favorite color

C. What he wants to build in the game

D. The book he is reading

2. Ava wrote this post for a sports page that anyone can see:

"Great soccer game today! We won 3 to 2. I live at 14 Maple Street, and I'm at Cedar Hollow Park right now if anyone wants to play."

Which two details should Ava take out before she posts? Choose 2.

☐ A. That it was a great game

☐ B. That she plays soccer

☐ C. Where she is right now

☐ D. Her home address

☐ E. That her team won 3 to 2

3. Ezra is picking a username for a new game. Which username keeps his private information safe?

A. EzraAtBramblewoodSchool

B. SpeedyOtter

C. EzraBorn2016

D. Ezra22OakRoad

4. A player Mila knows only from a game sends her a message: "What school do you go to?" What should Mila do first?

A. Send a photo of herself in her school shirt.

B. Not answer, and tell a trusted adult about the message.

C. Ask the player which school they go to first.

D. Answer, since lots of kids go to her school.

5. A photo app asks Hazel, "Show your location on your posts so everyone can see where you are?" What should she choose?

A. Yes, but only for posts she makes at school.

B. Yes, but only for posts she makes at home.

C. No, so her posts don't show where she is.

D. Yes, so her friends can find her more easily.

6. A pop-up quiz in a game says, "Type your birthday to find out which animal you are!" What should Lucas do with the quiz?

A. Type his real birthday, since it is just a game.

B. Type his birthday and his full name to get a better answer.

C. Close the quiz without typing his birthday.

D. Send the quiz to friends so they can type their birthdays too.

7. Sadie met a girl named Ruby in an online art class, and they both love drawing cats. Ruby asks for Sadie's phone number so they can text. What should Sadie do first?

A. Post her number in the class chat so everyone can text her.

B. Send her number right away, since they like the same things.

C. Send her home address instead so they can write letters.

D. Ask a parent or guardian before sharing her number.

8. Josie wants to post a photo of herself in front of her house. The house number and the street sign both show in the photo. Which change makes the photo safer to post?

A. Add a bright filter so the colors pop.

B. Write her full name in the caption.

C. Crop the photo so the house number and street sign don't show.

D. Tag the photo with the name of her street.

9. Caleb wants to post a group photo from a class trip and tag each kid with their full name and the name of their school. Rafael is in the photo. What should Rafael do first?

A. Say nothing, since it is Caleb's post.

B. Ask Caleb to add everyone's home address too.

C. Share the post with more people once it goes up.

D. Ask Caleb not to tag his full name or his school.

10. Liam is about to join a video call for his after-school coding club. Which thing behind him should he move out of the camera's view?

A. A drawing of a dragon he made

B. A letter on the wall that shows his full name and home address

C. A plant on the shelf

D. A poster of the planets
